STOP PRESS !

The
Yateley
Society

Old School Lane, Yateley

ISSUE 53 December 2001

May I first wish all our members a Merry Christmas and Happy New Year.

I'll apologise for the lateness of this Stop Press. For those of you that don't know, my husband and I have just increased the population of Yateley by 1. This has meant that I have been unable to attend a couple of meetings at the College and a couple of Executive Committee Meetings as well. I'm hoping to firing on all cylinders in the very near future, so in the meantime, this issue is to let you know about our forthcoming events and a brief update of Exec Committee dealings.

DIARY DATES:

**Mulled wine and mince pies on Yateley Common
Sunday December 30th 2001**

There's nothing to make you feel as good as a breath of fresh air and a stroll on the Common, especially after the excesses of Christmas. Even if you aren't a patron of the regular conservation working party, all members are welcome to join the crew for a festive toast to nature.

10 am Wyndhams Pool, off Cricket Hill

**The History of Yateley
Thursday January 17th 2002**

By popular demand, a guaranteed interesting update talk by Dr Richard Johnston on the History of Yateley. Richard and his cohorts have been beavering away tirelessly to investigate the gems of information which make Yateley's history so fascinating.

8 pm The Ryder Social Area, Frogmore Community College, Potley Hill Road, Yateley

**Good Company, Good Food, Good Idea!
Friday January 25th 2002**

"A relaxed dinner with friends" is the format for this years Chairman's Dinner. Everyone is welcome to come along, just let Tony Hocking (tel: 01252 875158) know before January 11th, so that we make sure we have a big enough table to accommodate us! I've always found the food and service at the Ely to be very good and I'm sure this year will be the same.

8 pm The Ely, on the A30 at the top of Cricket Hill
